

FLORIDA ENERGY STAR® HVAC Rebate

www.rebates.com/floridahvac

Start Date	End Date	Submit By Date	Eligible Products	Rebate Amount
08/30/10	09/14/10*	11/30/10	Central Air Conditioner, Air Source Heat Pump or Geothermal Heat Pump meeting Federal Energy Tax Credits standards	\$1,500

*Program ends 11/30/2010 or if funds are depleted before that date.

Steps to qualify for rebate:

1. Purchase qualifying product(s) during the valid promotion dates listed above.
2. Have building permit issued, appliance installed, and air duct testing performed.
3. Submit application and include
 - (1) Copy of your sales receipt showing qualifying item(s) purchased.
Handwritten receipts will not be accepted.
 - (2) Copy of the building permit.
 - (3) Copy of the Air Distribution System Test report with a score of 0.10 Qn.out or less.
 - (4) Copy of the Manual J summary or equivalent indicating proper sizing of unit.
4. Please do not staple the documents together.

MAIL TO:

Florida DOE HVAC
Program# FL1111-3333
PO Box 130008
EL Paso, Texas 88513

IMPORTANT: It is your responsibility to keep a copy of all your submission materials for your records. To resolve any potential questions or issues regarding the eligibility of your submission, you may be required to mail or fax them.

Terms and Conditions: An individual or family may not apply for more than one rebate even if they have multiple addresses. These offers are valid for purchases made from authorized Florida Installers only. Mailing address for this rebate form must match the installation address and must be located in Florida. A customer signature certifies that the customer is a residential homeowner and understands that all rebates are offered on a first-come first-served basis. **Rebates are not guaranteed, rebates are subject to available funding.** Customers that mail in completed applications first will be considered first when determining funding priority. All HVAC invoices qualifying for this rebate programs and all documentation must be included with the rebate form in one mailing for submission to be considered valid. Sales receipt or rebate form must include valid model number for qualifying product. Requests with incorrect or undeliverable mailing address or PO Box addresses will be denied. All requests **MUST** be postmarked by date indicated on this rebate form. Late submissions **WILL NOT BE** honored.

Caution: Any attempt to deliberately undermine the legitimate operation of the rebate process is a violation of criminal and civil laws, and should such an attempt be made, Sponsor reserves the right to seek damages from any such rebate applicant to the fullest extent of the law. State of Florida is not responsible for lost, late, incomplete, damaged, misdirected, or postage due requests, mail errors or for technical, telephone equipment, or limitations of any kind or inaccurate transmissions of or failure to receive rebate submission or any combination thereof.

The American Express® Prepaid Card is a prepaid Card that is usable only at U.S. merchants that accept American Express Cards. This card has no fees after issuance (including dormancy, service or other fees). If you qualify for multiple rebates, multiple payments may be mailed to complete fulfillment. Payment will be mailed within 120 days of complying with and properly completing the rebate requirements. Question about your rebate? Visit www.rebates.com/floridahvac or call after 08/30/10 to 877-521-2140.

Rebate will be paid via American Express® Prepaid Card

I have provided the following four documents **with this application**. I understand that this application will not be considered complete and eligible for rebate unless these documents are sent together. I also understand that the rebate will only be offered if the funding is available. The following documents are attached:

- _____ (1) A copy of the sales receipt for my HVAC/geothermal unit with make and model number identified and circled along with name and address of HVAC/geothermal installer.
- _____ (2) A copy of the county/city mechanical building permit pulled by the HVAC/geothermal installer for my residence.
- _____ (3) A copy of the Air Distribution System Leakage Test Report results from either a Class 1 Florida Energy Gauge Certified Energy Rater, a State of Florida Mechanical Contractor, or a recognized Test and Balance agent. The results from the duct test indicate the home has no more than 15 percent leakage to the outside as measured by 0.10 Qn.out or less.
- _____ (4) A copy of the summary of the Manual J completed for my residence to indicate that the proper methodology for sizing my new HVAC/geothermal unit was completed.

Signature _____ Date _____

My signature indicates agreement with all Terms and Conditions of this program

Please send a copy of this completed form (Page 2 only) and the four documents listed above.
